**INSPECTOR GENERAL:** The Office of Criminal Investigations (OCI) is the investigative arm of the NASA Inspector General (IG). The OCI is an independent entity and reports directly to Robert Cobb, the NASA IG, in Washington D.C. The primary mission of this component is to conduct criminal and civil investigations of reported or suspected fraudulent acts by employees, contractors, and others relating to the administration of NASA contracts and programs. Although emphasis is placed on major procurement fraud, (particularly allegations of defective/substandard parts, mischarging, kickbacks, bid rigging, and research fraud), investigations are also conducted of theft, conflict of interest, environmental and hazardous waste violations, health care fraud, and computer related crimes. OCI also provides fraud briefings for Government and contractor employees that are designed to highlight potential risks concerning fraud and related matters. Suspected violations can be reported by calling 867-4714 locally, the toll free Hotline at 1-800-424-9183, or by writing NASA Inspector General, P. O. Box 23089, L'Enfant Plaza Station, Washington, D.C. 20024. The OIG Cyber-Hotline can be accessed at [www.hq.nasa.gov/office/oig/hq](http://www.hq.nasa.gov/office/oig/hq). (OIG)

**AUGUST 2005 SLEEP IMPROVEMENT:** Sleep deprivation affects 70 million adults nationwide. Approximately 40 million Americans suffer from a chronic sleep disorder, which is about a quarter of the U.S. population. According to a recent poll, nearly seven out of ten Americans said they experience frequent sleep problems. This month's health topic is sleep improvement. In light of these statistics and the health consequences of sleep loss, methods for getting more sleep and improving the quality of sleep are needed.

The sleep improvement packet will be available on the *new HEWP website*: <http://www.hewp.ksc.nasa.gov>. Hardcopies of the packet will also be available at all medical and fitness facilities. If you or your department/organization would like to be added to the monthly packet hardcopy distribution list, please call Kris Calderon at 867-3414.

#### **\*\*HEALTH EDUCATION INFORMATION TABLE\*\***

The monthly health education table will be set up in the SSPF cafeteria on August 11<sup>th</sup> from 11:00 am to 1:00 pm where HEWP staff will distribute sleep improvement information.

**NEW EXTERNAL HEWP WEBSITE:** The HEWP website will have a new look and will be available outside the KSC firewall! This means that you can access the HEWP website from anywhere on the web. The new website will go live soon and will be located at <http://www.hewp.ksc.nasa.gov>. Check it out and bookmark it and work and at home!

**FUEL 4 WOMEN:** The KSC/CCAFS HEWP is launching a new women's health program titled *Fuel 4 Women*. We are very excited about bringing the women's health program back to the spaceport. This month's topic is osteoporosis. The osteoporosis packet is available at all spaceport clinics and fitness centers and will be distributed at this month's Health Education Information Table. Please contact Jessica Crews, Health Education Intern at [Jessica.Crews@jbosc.ksc.nasa.gov](mailto:Jessica.Crews@jbosc.ksc.nasa.gov) for more information or with suggestions and ideas for this new program.
